Press Release

Subject: EMS Safety's AED Training Curriculum approved in Maryland

EMS Safety is pleased to announce the EMS Safety AED/CPR training program has been approved by the Maryland Institute for Emergency Medical Services Systems (MIEMSS) to train participants in the Maryland Facility AED Program.

EMS Safety has been informed that its AED program meets the Code Of Maryland Regulations (COMAR) for AED training to business, industry and the general community.

For information on teaching EMS Safety's AED/CPR program in Maryland, call Josh Brownlie at (800) 215-9555 x 107. For more information on the MIEMSS AED Approval, contact Lisa Myers at (410) 706-4740.

End.
